

## California AB1305 Compliance

Lime has certified our San Francisco scooter service CarbonNeutral following the CarbonNeutral Protocol. The following information contains the required disclosures for California's AB1305 compliance:

Seller Name	Internal project name	Registry Name	Registry	Project ID	Type	Protocol/Methodology
Climate Impact Partners	Portfolio-Power	Sichuan Sanchahe River First Cascade & Second Cascade Bundled Hydropower Project of China	CDM	5897	Avoidance/Emission Reduction	AMS-I.D. ver. 17 - Grid connected renewable electricity generation

An explanation of the substantiation process for statements we have made regarding reductions to our greenhouse gas emissions can be found on our website as of January 2024 [here](#). Further, Lime measures our carbon footprint, and any stated corresponding reductions, following the Greenhouse Gas Protocol. The company's 2022 report can be found [here](#).
